

Create Soap-tray area
with timber block.
Hinge below block &
above the ply tray.

The pivot being in front of the
fixing block creates both gap
and ledge for shower drips.

Washbasin tray fixing

Best Hinge Positions for Water Closet

(create shower drip overhangs)

Toilet seat tray fixing

The pivot being behind the tray
creates a gap and the ledge
for shower drips.

Planter box
Collector unit

Hinge the seat tray inside, then
outside the Collector Cover plate.
We carry the seat weight on this
panel, screwed to WC frame.
